

POWERING INDIA'S LARGEST ECONOMIC SECTOR

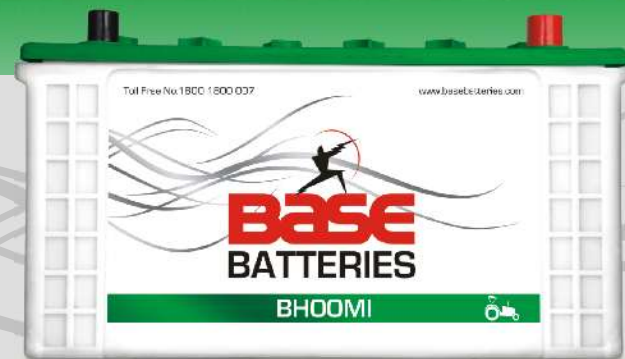

With 25 years of technological innovation in automotive and standby power solutions, Base is known for its unparalleled expertise in batteries.

Specially manufactured for tractor applications, the Bhoomi tractor batteries from Base are sold at lower prices to farmers as a show of solidarity for agricultural communities. Excellent after sales service and nationwide availability are just among the many benefits that comes with this battery. Our nation's largest employer – now here's a reason to be proud.

BHOOMI

BHOOMI

- Features**
- Leak proof design with heat sealed container and cover.
 - Terminal design that provides resistance to acid leaks, seepage, corrosion and black post.
 - Advanced paste formulation for high cranking ability and long life.
 - Special grid alloy for low maintenance & excellent performance in all terrain conditions.
 - Aesthetically designed container and cover made of PP co-polymer for strength and durability.
 - PE envelops with glassmat separators for low internal resistance, high vibration resistance and to avoid internal short.

Specification *

| Model | Volt | Capacity C20 | Bench charging | Dimensions (in mm) | | | Approx. Battery weight with acid (Kgs) |
|-------|------|--------------|----------------|--------------------|-----|-----|--|
| | | | | L | W | H | |
| BB 88 | 12 | 88 | 6 | 410 | 173 | 232 | 27.9 |
| BB 99 | 12 | 99 | 7 | 410 | 173 | 232 | 29.8 |

Normal charging:

Charged batteries stored / unsold / not used for period of 1 month shall be given a recharging @ 10% of C20 capacity rate current. The battery is considered as fully charged as the CCV value reaches 15.5 - 16volts.
